MT. CONSTITUTION LODGE

JANUARY 2001

Dear Brothers:

2001? I can't believe it. We've been gathering in this old lodge building now for 13 years and it looks like I've been recycled into "THE BIG CHAIR" once again. My hope is to continue the unique cohesiveness we all share and to offer all brothers various challenges that might deepen our FL&T and make us better and stronger community members.

Many opportunities stand before us in the first few months of the new year. Your participation and voice is needed and much appreciated.

To all brothers and their loved ones I wish for you a healthy, happy and prosperous New Year. And thank you, John Sumrall, for your undying dedication to providing the best meeting for the good of the order.

FL&T Fred

Don't miss the important Business Meeting on January 11th

The goal of this meeting will be to determine the commitments of the brothers regarding the 2001 building improvements. The major projects will be determined and their priority will be established along with estimated costs. A discussion and voting will follow with regards to borrowing money from the Grand Lodge. This is a VERY important meeting and ALL brothers are encouraged to attend.
