What is working well here? What needs more attention? How can we make a difference that brings our FLT core values into the community? There are a lot of communities around the world facing many of the same issues as we do and coming up with novel solutions that work for a wide range of stakeholders with a long-range view. What can we learn from them and adapt it to our own needs? How can we find hidden opportunity in all this and really take our community to the next level? It's a potluck - bring a dish and your ideas and insight. Place of meeting TBA.
August 1 <sup>st</sup>	Wednesday	Open Meeting. Potluck at John Sumrall's Buck Mountain Farm.
