Calendar

2/6 The first of our first of the month OPEN meetings. If you know someone who you feel would be a good Odd Fellow, especially a good, young Odd Fellow, invite him to these meetings. (85% of us were born before 1960.) At this meeting we will reveal our skills: possessed, sought after and forgotten.

2/11 Innerworks with Dave Roseberry on "First Love".

2/16 Valentine's Dance. Check out the cool poster and come! Jay and Mark Padbury will be spinin' the bytes.

2/20 Music Night. Make and enjoy music together. Bring a song, an instrument, your spirit to share.

2/27 TBA innerworks with _____ (fill in your name.)

3/6 Another OPEN meeting. We will focus our discussion on sustainability.

3/13 TBA innerworks with _____ (we're waiting.)

3/20 SPRING !!! It's all about planting with Robin. We'll all go home with potted, planted seeds to grow with an eye to sharing our harvests in the fall. Prizes for the biggest zukes?

3/27 April Fools Day parade preparation. Get creative!

Mon., 4/1 All Fools Day Parade!! Y'all come and bring a drum.

4/3 Third OPEN meeting. Tonight we're telling about animal events that we have witnessed. Five bucks says Sumrall tells a fish story.

4/10 Innerworks with John Sumrall. Subject unknown. (Sounds a little fishy).

4/17 The subject tonight is Health. We'll share our over 1000 years of staying alive and some of our techniques. Bring your body.

4/24 Video viewing and discussion. Jay is bringing us SAMSARA. This is both a visual and a trial learning center experience.

Remember that you can suggest and/or lead a meeting on any subject. Contact Dave when you feel inspired.

Happy Birthday, Brothers!
