

## INITIATION: PLEASE COME AND HELP US CELEBRATE!

In addition to welcoming new members to the lodge, we have a very special surprise!

Several years ago an envelope sealed in 1959 was found taped to the back of a picture on the wall. Other than the return address of the Rebekah Lodge the only thing it said was "Don't open until 2001". Well, the waiting is over... it's time to open that envelope! Come join us to see what's inside.

Also, April is the Wind month. John Barnes is a master kite flyer with tons of kite gear. I wish he was home from his romantic pop into Canada so I could pin him down on a date to share some kite stuff with all of us. Stay tuned on this one.....

FL&T Fred
